KX-DT521B

Panasonic KX-DT521B

Digital Proprietary Telephone

The sleek, ultra-modern designed KX-DT521 Digital Proprietary Telephone takes you to a new dimension in audio experience through excellent HD quality audio on every phone, combined with easy access to powerful supportive features and applications. A full set of control keys allow access to frequently-used operations such as transferring and conference calling. The Navigator Key provides speed and efficiency when programming names and telephone numbers, searching of quick-dial numbers and accessing many of the system features.

[1-Line, 16-Character Graphical Display with Backlight](#)

The LCD displays the various system information such as Caller ID, Date and Time, Call Log, Speed Dialling and Feature menus. The contrast level and back light settings are adjustable to adapt to different lighting conditions. The Multi-Language LCD Support allows the extension users to select from up to the five languages.

[8 Flexible Outside Line \(CO\) Keys](#)

Each extension user can program these keys for various functions such as CO Line appearance, Direct Station Selection (DSS) Key, One-touch Dial or feature setting, all of which help you achieve smoother call handling. Each key has a dual colour LED (red/green) that shows information such as line status, extension status or whether a feature is on or off.

[Speakerphone with HD Audio](#)

The KX-DT521 is equipped with a full-duplex speakerphone which delivers HD (High Definition) quality audio on every call due to the enhanced echo cancellation and an expanded acoustic chamber.

[Headset Jacks](#)

The KX-DT521 provides a 2.5 mm headset jack, allowing users to utilize headset functionality without the high cost of traditional business style headsets.

[Digital XDP \(Digital Extra Device Port\)](#)

Utilizing the XDP jack on the back of the larger digital phones allow users to connect a KX-DT521 digital proprietary telephone and operate as another extension. With this feature it is possible to increase the number of digital sets without additional station cards.
